From the Futures Coordinator

I hope the year is off to an enjoyable and productive start for all members of the Concordia community.

At Concordia, we believe that career guidance is more than just course counselling—it's about empowering our students to understand their unique strengths and aspirations in an ever-changing world. Research shows that early, targeted exposure to industry experiences and personalised guidance can significantly enhance students' confidence and clarity in making future career and study choices.

Our approach goes beyond traditional counselling by incorporating real-world experiences, one-on-one sessions, and interactive events that expose students to diverse career paths. This holistic strategy supports informed decision-making and equips students with essential skills for their future, ensuring they are better prepared to navigate the challenges and opportunities ahead.

As such, the Careers Department is busy planning several initiatives and I wanted to keep you up to date with various events or opportunities that may be relevant to you or your child.

Medicine, Dentistry and UCAT Information Evening (Years 10–12)

On Monday 3 March (Week 6) from 5.30–7.00pm, we will host an evening session for students

and parents considering careers in medicine and dentistry. Speakers from the University of Adelaide, Flinders University, and MedEntry will outline the various study pathways, admission processes and options available. They will also introduce the UCAT—what it is, how to prepare, and how to register. I look forward to seeing you there!

Year 10 Work Experience

All Year 10 students participate in our work experience program during Week 9 of Term 2. This opportunity allows students to gain real-world industry experience, develop independence and professional skills, and explore potential career paths. The program is designed to help them make more informed subject, study and career choices. If you can host a student for work experience at your workplace, please [contact me](#)—I would love to hear from you!

Year 12 1:1 Career Counselling

Every Year 12 student will have at least one individual career counselling session during the year to help them plan for life after school. Additional sessions are available upon request from students, parents or staff (this also applies to students in Years 10 and 11). My goal is to help students identify their strengths and passions, develop ideas, and craft a plan that suits their aspirations and future.

I am excited to work collaboratively with you and your student as we support their school, study and career journey. If you have any questions or need career counselling support for your child, please feel free to [email me](#). I would be glad to help!

Wishing you all the best and every success,

Lloyd Oppelaar
Futures Coordinator

Q&A with Emma Borgas, Music Teacher - Concordia Campus

1. Where were you before this and what persuaded you to join Concordia?

I have come from the special interest music program at Brighton Secondary School. I wanted to experience teaching in a non-government school and was drawn to Concordia's rich music program and strong sense of community.

2. Three words to describe you.

Bubbly, creative, patient.

3. What is your motivation or inspiration in your role?

I have always loved music and singing and I am very grateful to be in a job where I get to do what I love every day. My motivation is simply to foster a lifelong love of music and joy through

collective music-making.

4. If you had a superpower, what would it be?

I would relish the power of invisibility – I think it would be a nice way to be able to slip away and have some quiet time to myself, but also really fun to be able to play tricks on people!

5. Who would you invite to a dinner party of six guests and why? Alternatively, tell us something you might like to share that we could not possibly know?

I would invite Ru Paul Charles and some of my favorite drag artists from RuPaul's Drag Race to dinner, because I admire this amazing artform and it would be so much fun hanging out and having entertaining conversation.

Off to a Great Start at St Peters Campus

The 2025 school year is off to a vibrant and heartwarming start at Concordia College, St Peters Campus! Over the first three weeks, our staff and students participated in a wide array of activities that have laid the foundation for a positive and enriching year ahead. From getting to know one another to exploring shared values and celebrating connections, this term has already set a promising tone.

Week 1 : Setting up for Success

On the first day of school, students immersed themselves in engaging “get-to-know-you” activities and established essential agreements for their classrooms. Teachers and students collaborated on creating welcoming learning spaces and explored the campus together, reinforcing expectations around behaviour and safety.

On Friday 31 January, our Reception to Year 6 students ventured to Highgate for an inspiring day of exploration, featuring a visit to the Heritage Centre, a heritage walk, and a whole-College commencement service. This excursion offered students a chance to connect with the past and reflect on their place within the school's history and community.

Week 2: Building Community and Shared Experiences

Friendship and collaboration took centre stage in Week 2. Highlights included the launch of our Buddy Program, where older students paired with younger ones to foster meaningful connections. Together, they participated in creative activities like drawing, storytelling and discussing the values of kindness and inclusion.

Students also delved into the importance of emotional regulation, fairness and inclusion through engaging lessons and activities. These initiatives encouraged empathy and

understanding while reinforcing classroom expectations.

Week 3: Celebrating Connections and Wellbeing

As we moved into Week 3, the focus shifted toward wellbeing and celebration. A special highlight was the Festival of Friendship, which featured bright colors, friendship bracelets and collaborative art projects that symbolised unity and care. Students also enjoyed a fun slip-and-slide session, water play and a sausage sizzle to mark the end of our 'Off to a Great Start' program.

Thank you to all our teachers, staff, students and families for making the start of 2025 so successful. Together, we're building a thriving and connected learning community.

Bronwyn Wilson

Principal - St Peters Campus

Concordia Students Shine in International Ethics Olympiad Final

The Middle School Ethics Olympiad is a prestigious competition that challenges students to think critically, communicate effectively and engage in respectful discourse while navigating complex ethical dilemmas. In 2024, 360 teams took part in this rigorous event, including two Year 9 teams from Concordia College, who dedicated themselves to mastering ethical frameworks and refining their reasoning skills.

Their hard work and commitment paid off, with one team winning the gold medal and the other receiving an Honourable Mention. As one of South Australia's top-performing teams, our gold medallists earned the honour of competing in the International Finals, which were held yesterday (on Wednesday 19 February 2025).

Reaching the international stage is an outstanding achievement, considering the competition draws hundreds of schools each year. The finals, held online, brought together 46 elite teams from Australia, Singapore, New Zealand, India and Hong Kong. Throughout the event, Concordia students demonstrated intellectual rigour and grace under pressure, representing the College with distinction.

Judges praised all teams for their courteous and respectful approach, noting the exceptional quality of participants, their thoughtful engagement and high levels of ethical reasoning.

As a lasting reminder of their achievement, Concordia's international finalists will receive a commemorative pin, to be presented at an upcoming Assembly. We are incredibly proud of our brilliant "Eth-letes" and their remarkable success on the global stage!

National Youth Science Forum

In January, I attended the [National Youth Science Forum \(NYSF\) Year 12 Program](#) in Brisbane. This experience was life changing.

NYSF occurs each year in the summer holidays, with two separate sessions at The Australian National University, Canberra, and The University of Queensland, Brisbane. We stayed on campus at university colleges for the entire 10 days, immersing ourselves in a range of science and technology experiences.

I was part of several industry visits where I got a glimpse behind the scenes of cutting-edge research, interacted with experts in their selective fields, engaged with industry partners and research providers, and learnt about universities and STEM career pathways.

I visited:

- University of Queensland School of Chemistry and Molecular Bioscience
- QLD Department of Primary Industries
- SEQ Water
- Queensland Herbarium and Biodiversity Science
- Queensland University of Technology (QUT)

My personal highlight was having the chance to build connections with like-minded people from around Australia and to network with former NYSF participants. These people were strangers to me at the beginning, and now I have made connections and formed friendships with people from all around the country.

I applied for this experience midway through Year 11. Many students approach local Rotary

groups for financial assistance to attend. I would highly encourage any individuals interested in pursuing a career in STEM or with an interest in STEM to contact Mrs Rieger about this opportunity. These 10 days have left an incredible mark on my life.

Angelina (12CHEL)

Year 7 Victor Harbor Camp

During Week 3, our Year 7 students had the exciting opportunity to attend a camp at the Adare Camp and Caravan Site, Victor Harbor, facilitated by Beyond Limits. This program provided students with a chance to bond, engage in fun activities and step outside of their comfort zones.

Students had the opportunity to get to know those in their Home Class, competing for points in a variety of exciting challenges. Despite the hot weather, the Year 7 cohort showcased outstanding teamwork, communication and participation throughout the camp experience.

Among the many activities were the Flying Kiwi (high rope swing), challenge and obstacle courses, kayaking and bodyboarding. The camp was a fantastic opportunity for students to grow, challenge themselves and create memories with their peers.

A huge congratulations to all Year 7s for their enthusiasm and positive spirit! We can't wait to see how they continue to apply their teamwork and leadership skills back in the classroom.

Rachel Hogan

Year 7 Leader

[Back to top](#)

Valentine's Day ALWS Fundraiser

Friday 14 February saw the Concordia Campus enjoy a Valentine's Day themed Non-Uniform Day, fundraising for Australian Lutheran World Service (ALWS). Over the days leading up, singing telegrams, roses and chocolates were bought at the Valentine's Day stall, by all year levels. These were delivered by Year 12s on the day, who thoroughly enjoyed demonstrating their best singing skills, serenading the younger students and handing out chocolates. Although an unexpected rain shower moved the lunchtime events to the Chapel, it did not stop Frau Harris from receiving the privilege of the mass singing telegram.

Thank you so much to all students and teachers who both participated in and made the day run as smoothly as possible.

Lexi 12CFIL

Reception Seed Gift

Our Reception students at St Peters Campus received a special gift to celebrate the beginning of their school journey – a packet of seeds from our local Member for Waite, Catherine Hutchesson MP. This thoughtful gift, given to all Reception students in our local community, symbolises the learning and growth that will take place throughout their schooling.

Last week, we also had the pleasure of welcoming Catherine to St Peters Campus, where our Reception students had the opportunity to thank her personally and learn more about her role in the community. It was a wonderful experience for our young learners to see how community leaders support and celebrate their milestones.

The Receptions carefully planted their seeds in the first days of school and while we watch them grow, they will be reminded of their own journey of learning, discovery and development throughout the year. We extend our thanks to Catherine for her visit and for this meaningful gesture.

Laura Bengner
Reception Teacher

Nunyara Jazz Rehearsal Day

On Monday 17 February, Music staff took our three jazz choirs and two Big Bands to Nunyara for a day of rehearsing and workshops in preparation for this year's Generations in Jazz (GiJ) festival.

Mattson and McKenzie jazz choirs joined forces in the first session to complete a short composition task and to explore their creativity, before splitting off to start learning their GiJ repertoire for 2025. Prelude, our youngest jazz choir, spent their time working on blending and sounding as one voice, while both Big Bands worked intensely on new repertoire in sectionals and as an ensemble with guest jazz musicians Alex Taylor and Jackson Mack.

After lunch, students came together for an introduction to jazz improvisation session led by Thomas Voss, while our newly established Small Jazz Combo had a chance to rehearse and get some valuable feedback from the visiting tutors.

A huge thank you to our highly skilled Music staff who made this day possible, and to Thomas Voss, Kathie Renner, Alex Taylor, Jackson Mack and Marco Callisto for giving up their valuable time to work with our ensembles and create an extraordinary experience for our students.

Kellie Rich

Head of Music Performance ELC-12

STEM@CC

Are you in senior school and interested in a STEM related career?

Don't miss out on this incredible opportunity. Register your interest [here](#) and Mr McCusker will give more details in the coming weeks.

Concordia College is very fortunate to have been invited to take a group of senior students to the Australian Water Association Ozwater Conference. [Ozwater](#) is the largest gathering of water professionals in the southern hemisphere and changes host city every year – it is being held in Adelaide in 2025. The high school education day will involve fun, interactive STEM activities. The conference will have around 2,000 attendees and over 200 exhibitors. The program will run from 8.45am–2.15pm and will be held at the Adelaide Convention Centre on Wednesday 21 May 2025.

This event will expose senior students to a wide range of exhibitors and STEM-related careers including:

Engineering and Technical Fields

- Water Engineers (civil, environmental, hydraulic)
- Environmental Scientists
- Hydrogeologists
- Water Quality Analysts
- Urban Planners

Sustainability and Conservation

- Catchment and River Health Specialists
- Climate Change Analysts
- Sustainability Officers
- Biodiversity and Ecological Consultants

Technology and Innovation

- GIS Specialists (Geospatial & Remote Sensing)
- Data Scientists (Water Modelling & Predictive Analytics)

Trades and Operations

This is an incredible opportunity. Don't miss out. [Register your interest.](#)

Parent Information Evening at the Early Learning Centre

The Early Learning Centre at St John's Campus recently hosted its annual Parent Information Evening, an engaging event designed to connect families with educators and provide valuable insights into the learning experiences of young children.

Parents had the opportunity to meet their child's educators, explore the classroom environment and gain a deeper understanding of the ELC's curriculum, daily routines and developmental goals. Educators shared information about age-appropriate learning strategies, social-emotional development, and ways families can support learning at home.

We also had a guest speaker, Georgia Payze, who provided valuable insights on speech and language development.

A great way to continue building strong connections with our families.

Sarah Neill

ELC Coordinator

Reminder: P&F AGM on Monday 24 February

As a Concordia parent/caregiver, you're already a member of the College's P&F. So, why not take the next step and get involved?

Once a term, we meet to:

- Get an informal update from our Head of College + Principals and chat about what's happening behind the scenes
- Plan and share volunteer opportunities for upcoming P&F events

Join us – it's an excellent way to meet other parents and be more involved with your child's schooling.

Our next meeting will be the AGM – a great chance to see what has happened in the last year. Parents/caregivers from all three campuses are welcome to attend.

Our AGMs are always kept as succinct as possible, to allow you a chance for drinks and

nibbles after the meeting.

Meeting Details

- **When:** Monday 24 February 2025, 6.00-7.30pm
- **Where:** Castello's Cucina, Living Choice

Please find below the following links:

- [Meeting agenda](#)
- [Minutes of the 2024 AGM](#)
- [P&F Terms of Reference to view the roles and responsibilities of the elected positions](#)

If you wish to attend or register your apology, please do so via [TryBooking](#).

For more information, please contact Jodie Escott, Director of Community Relations:

Lutheran Schools Year 6 Student Leaders Day

On Monday 10 February, the Year 6 Student Leaders from St Peters and St John's campuses joined 30 student leaders from other Lutheran schools for the Student Leaders Day at our St Peters Campus. Schools in attendance included:

- Loxton Lutheran
- St Michael's Lutheran (Hahndorf)
- St Mark's Lutheran (Mount Barker)
- Our Saviour Lutheran (Aberfoyle Park)

The day was led by staff from Australian Lutheran College (ALC) and Australian Lutheran World Service (ALWS), who guided students through the 4 S's of Student Leadership— Significant Others, Spiritual Leadership, Servant Leadership and Support. Through interactive activities and discussions, students explored what it means to lead with purpose and responsibility in their school communities.

It was a fantastic opportunity for our students to connect, learn and grow as leaders, equipping them with the skills and mindset to be compassionate and effective leaders. We look forward to seeing them put their skills into action throughout the year!

Nicolle Jakube

Primary School Learning Leader - St Peters Campus

Support 'Metropolis Now' at the Adelaide Fringe Festival

The Adelaide Fringe is coming to Concordia in 2025! 'Metropolis Now', a recent work devised by Aldo Longobardi with the 2024 Year 11 Drama students, will be relaunched for a short season in the Fringe from 27 February - 1 March 2025. The play, a homage to 'Rent' and 'La Boheme', explores the challenges, power and rebellion of remaining hopeful and authentic in a society that perpetuates fear. Tickets for all four performances are available now via Fringetix.

Metropolis Now has also been selected to be supported by the Nunn Dimos Support Act initiative, offering 20 discounted tickets to the show at \$10 per ticket. Get your tickets today!

[Book online](#) (opens an external website in a new window)

See the Show *and* Grab a Bite to Eat

We are excited to announce that our Hospitality students, led by experienced chef Emma McCaskill, will provide two varieties of dumplings for guests at these performances:

- Hand-rolled dumplings with free range chicken and corn, spring onion, roasted chilli, ginger and coriander dressing
- Hand-rolled dumplings with organic tofu and mushroom, spring onion, roasted chilli, ginger and coriander dressing

Emma McCaskill, who has over 20 years of experience in world-renowned restaurants, including Tetsuya's (Sydney), Narisawa (Tokyo), and Penfolds Magill Estate (Adelaide). She has been recognised with prestigious accolades such as Gourmet Traveller's Best New Talent and The Advertiser's Chef of the Year. Emma's food philosophy is centred on creating dishes with clean, balanced flavours, celebrating local produce and drawing inspiration from her Anglo-Indian heritage and international experience. After years of success in the industry, she transitioned into education, fulfilling her passion for mentoring young chefs and guiding the next generation in their culinary journeys.

So, come along and see Metropolis Now, and enjoy some delicious dumplings cooked by our talented Hospitality students as well!

The Prayer Course at St John's Lutheran Church Unley

St John's Lutheran Church, Unley, invites members of the College community to 'unanswered prayer - the prayer course II'. This course, held locally in the Ministry Centre at St John's Lutheran Church, is about finding blessing in the midst of challenges.

- Dates: Wednesday evenings during Lent
- Time: 7pm Worship | 7.30-9.00pm Prayer Course
- Location: St John's Ministry Centre, Balmoral St

[Download a flyer](#) for more information and use the QR code to register your interest.

[Back to top](#)

Year 9 Art visits the Botanic Gardens

Year 9 Visual Art students spent the afternoon at the Botanic Gardens as part of their unit of study looking at how nature inspires artists, with a focus on the beauty of defence mechanisms. The works of the celebrated artist Dale Chihuly provided an excellent insight into how he creates organic forms in glass that reflect upon the theme of nature, and particularly the forms that have spikes and intertwining forms. We are extremely fortunate to have this work here in Adelaide as it has rarely been shown outside the USA. His works complement the environments they are placed in and the scale is something the students were in awe of.

The Museum of Economic Botany, the only remaining museum of its type in the world, was also a good place for students to seek and find specimens that they could respond to in their work, with a wide variety of cones and seeds found there. The Botanic Gardens was a great starting point for these students in their lengthy unit of work, which will involve mixed media and installations. We look forward to seeing them completed at the end of the term.

Jane Robson

Visual Arts Coordinator

[Back to top](#)

SchoolTV Special Report: The Wellbeing Barometer 2025

The Wellbeing Barometer survey is an invaluable tool for schools, providing critical insights into the mental health and wellbeing of young people. This annual survey identifies areas of concern, highlights resilience and adaptability in students, and emphasises the importance of

preventative strategies to promote positive outcomes.

Participation in this survey is strongly encouraged, as it offers a comprehensive view of students' experiences, challenges, and achievements. By capturing a detailed understanding of young people's experiences, the survey supports a tailored approach to enhancing their mental, emotional and social wellbeing. It helps to identify strengths and areas for improvement, as well as pinpoint opportunities for early intervention.

The survey is part of an ongoing longitudinal study, and we encourage you to take a few moments to complete the survey for each of your children. Responses remain anonymous and should be based on your observations over the last 12 months. By working together, we can reduce the long-term impact of mental illness and make a meaningful difference to the lives of our young people for a brighter future.

St Peters Campus Year 1 Update

We've had an absolutely fantastic start to the year in Year 1 at St Peters Campus! ☑

We've bonded as friends in our classroom and used the school expectations to create an awesome agreement about how we want our learning space and school to feel, look and sound. We've had a blast with activities that taught us about the 5-Point Regulation Scale, and we love using our special stones to show the teacher and other students how we're feeling. Blowing bubbles and reading books to understand our emotions and how to control them was so much fun!

Learning about our school's rich heritage has made us feel incredibly proud to be part of a Christian community of learners. Our buddies have been amazing, offering us encouragement and friendship. To top it all off, we celebrated our fantastic start to the year with a big splash! We zoomed down waterslides, sparkled in the sprinkler, devoured delicious sausages and sang joyful songs about kindness. ☑

We just know this year is going to be an unforgettable adventure in Year 1!

Olivia Livingston

Year 1 Teacher

Medicine, Dentistry and UCAT Information Night

A reminder that Concordia College is excited to again be hosting a Medicine, Dentistry and UCAT Information Night for interested students and parents in Years 10 to 12.

- Date: Monday 3 March (Week 6)
- Time: 5.30-7.00pm
- Location: The Suaviter, Concordia Campus

Speakers and Topics Covered

Dr Clara Pribadi – Adelaide University – Student Recruitment Coordinator

- Adelaide University Medicine and Dentistry courses
- Pre-requisite subjects
- Entry requirements/process
- Alternative pathways
- Bonded and non-bonded and regional placements
- Other relevant information

Nicholas Kojevnikoff – Flinders University – Prospective Student Advisor

- Flinders University Medicine
- Pre-requisite subjects
- Entry requirements/process
- Alternative pathways
- Bonded and non-bonded and regional placements
- Other relevant information

Dr Zoe Taylor – MedEntry

- What is the UCAT and how does it work?
- How to prepare for the UCAT
- Where to go for information and support
- Other pathways to enter Medicine and Dentistry (other than Adelaide and Flinders University)

Emma Reiger - Care@CC

- What is Care@CC?
- When is it?
- Benefits of attending Care@CC

Lloyd Oppelaar

- 2024 Results of Concordia students applying for medicine
