Background

The College

Concordia College has a rich history as an academic and caring school, encouraging and supporting young people to be successful, independent learners.

Our school was established in 1890 in Murtoa, Victoria as a boys' college and training ground for future pastors and teachers. Fifteen years later, it moved to Highgate, a beautiful leafy suburb just 5km south east of Adelaide's CBD.

In 2016, Concordia College and St John's Lutheran School in Highgate, joined together as one College (ELC to Year 12). We amalgamated with St Peters Lutheran School at Blackwood, adding a third campus in January 2023.

- St Peters Campus, Blackwood – ELC to Year 6
- St John's Campus, Highgate – ELC to Year 6
- Concordia Campus, Highgate – Year 7 to Year 12

The ongoing development of the IB curriculum framework, the Australian curriculum, SACE, VET and the continuing exploration of new ways to use digital technologies in support of student learning are important components of the Strategic Plan of Concordia College. All students have access to a digital device. Current enrolment is approximately 550 students from ELC – Year 6 and 900 students from Years 7 – 12.

The Curriculum Frameworks

ELC

The Early Learning Centres (ELC) provide a safe and nurturing environment and is the first step into education at Concordia College from 3 years of age.

YEARS R – 6

The Primary Schools offer the International Baccalaureate Primary Years Programme (IB PYP). It aligns with the Australian Curriculum.

YEARS 7 - 10

The Middle School has offered the International Baccalaureate Middle Years Programme (IB MYP) since 2000. It aligns with the Australian Curriculum.

YEARS 11 - 12

Students complete the South Australian Certificate of Education (SACE). VET opportunities are supported.

These curriculum frameworks all promote student-centred learning and the development of independent learning skills designed to equip young people with life-long qualities that extend beyond the classroom into the community. Many school-organised service activities support this.

Unlocking Futures

Inspiring students to achieve their personal best

The world for our learners is rapidly changing. The way in which human beings work, learn, socialise, interact with the environment and connect with others and technology, in both their local and global communities, is constantly transforming. Young people who are creative, problem-solvers, collaborative, resilient, and ethically and critically aware will be best placed to explore the possibilities that exist in their worlds.

The purpose of our Unlocking Futures learning framework is to embed key learning principles into our learning and teaching, programs and practices that empower students to develop the knowledge, capabilities and dispositions to flourish in their worlds, both now and in the future.

This Framework puts best practice methodology at the centre of every class, by every teacher, in all learning environments across ELC-12.

Unlocking Futures benefits every student through three key intentions:

Connecting Learners

to learning experiences that are collaborative, consistent and connected to local and global communities. These experiences are grounded in authenticity and relevance.

Empowering Learners

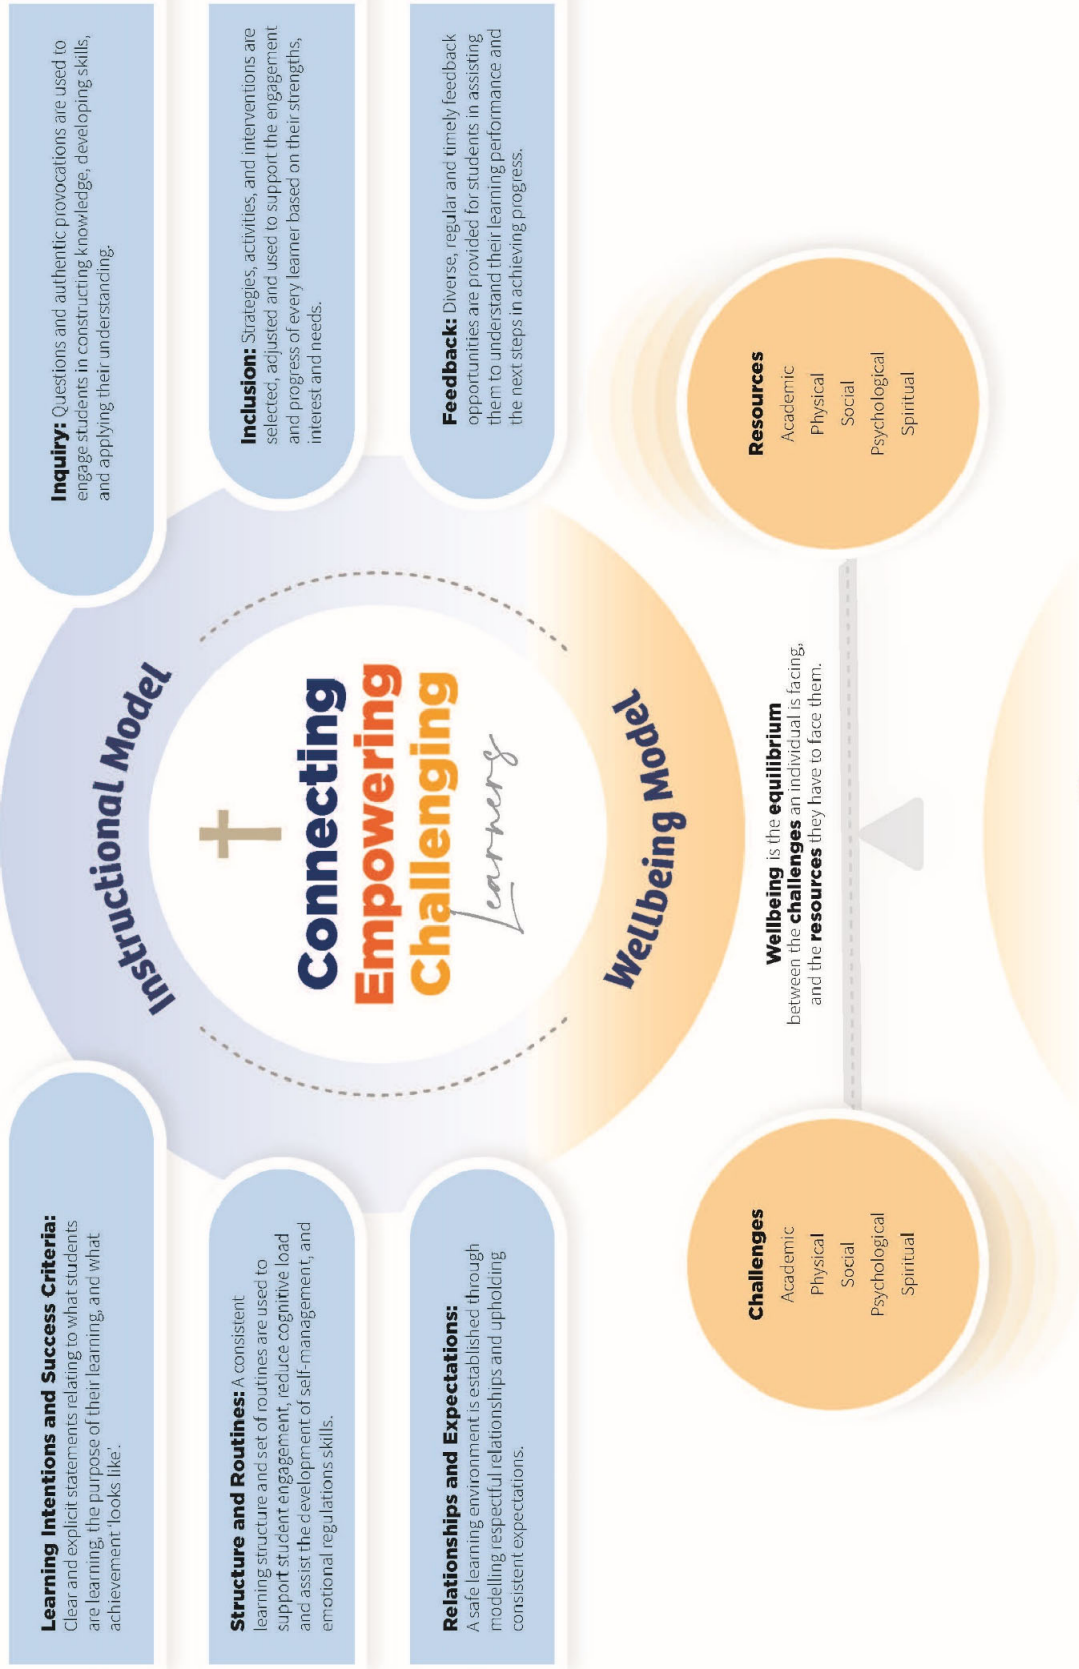

to be partners in shaping their learning through voice, choice and action.

Challenging Learners

to take risks and overcome obstacles. This is facilitated through developing and engaging students' strengths, interests and wellbeing strategies.
